

Celebration High Student Parking Policy

Students must display the decal along with the number visibly in their vehicles at all times.

Consequences for not following the policy are as follows:

1st time - Parking Violation Notice is issued

2nd time - Notice to family that the student has not obtained a parking decal and their vehicle is subject to tow at the registered owner's expense

3rd time- Vehicle is towed

Parking decals are not transferable but under certain circumstances if a student's vehicle breaks down and they have to use a different vehicle then they must notify student services in order to prevent their vehicle from being cited.

This policy has been put in place to increase security on Celebration High School's campus. By allowing the school staff to account for each car in the parking lot at all times.
